

Pin Wheel Craft

Make a Pin Wheel!

To make:

1. Cut out square, turn over and decorate back side with crayons or markers.
2. Turn back and cut on dotted lines.
3. Punch out holes at corners.
4. Fold corners a, b, c and d into center and connect with brass fastener in punched holes.
5. Push fastener through center of paper.
6. Fasten prongs of fastener around top of pencil, fasten with tape.
7. Blow on pinwheel to see it spin!
