This is farmer Fred.

He is working on his farm.
The farmer wanted to grow some vegetables.

One day the farmer planted some seeds in his field.
Some days it was sunny and some days it was rainy.

After a few weeks the vegetables started to grow.
The vegetables grew and grew very well.

The farmer was very happy.
One day the farmer went to check on his vegetables.

“Oh no!”, said the farmer. “The carrots and lettuce have gone!”.

The farmer was very shocked.
The next day the farmer checked his vegetables again.

“Oh no!”, said the farmer. “The onions and radishes have gone!”.

The farmer was very confused.
The next day the farmer checked his vegetables again.

“Oh no!”, said the farmer. “The corn and potatoes have gone!”.

The farmer was very angry.
The next day the farmer checked his vegetables again.

“Oh no!”, said the farmer. “The pumpkin has gone!”.

The farmer was furious.
So that night the farmer waited behind a rock.

He waited and waited for a long time.
Suddenly a rabbit appeared and hopped over to the cabbage.
The farmer quickly swung his net and caught the rabbit!
The rabbit is now the farmer’s pet.

Every day the farmer gives the rabbit lots of carrots to eat.

The rabbit and the farmer are both very happy.
